

Starlink™ MINI X DishyNOAC PRO POE

DC Relay Power kit

Eliminate the Starlink™ MINI's and MINI Router AC power supply
conserve energy with the DC Power Kit. Power the
MINI via POE, supplying both power and data through
a single Ethernet cable to your own WiFi router.

The kit boosts 12/24V DC to required voltage,
enabling the MINI to be powered via POE.

Kit Consists of:

DishyNOAC Pro
